

Aja

Aja, is a young, little (maybe 40lbs) girl (maybe 2) who was used as a breeding machine (yep - 2 litters) during her life -mostly inside, and had very little human touch/interaction outside her crate. We know..... because she came to us (Nov9) shortly AFTER the previous owner kept her last litter of puppies, then dumped her . She is now spayed, completely vetted, learning to love some soft plushy toys, cautiously exploring the great outdoors, and graciously accepting human touch. *Wiggle Worm* is her nickname, LOL. **Aja** is crate trained, house trained, growing in confidence w/our help, AND learning to enjoy being outside.

Eye contact took 2 weeks to obtain, and she is learning to trust (a lot less tongue flicks) and relax w/human contact. She is slow to warm up to men but will do so within the hour if ignored and if she can approach on her timeline with treats as a reward ;-) She enjoys seeing other dogs thru her fence line and likes running the fence line too, but will guard her toys if they approach. She is currently in Miami County, OH

We are seeking a FOSTER or Foster -TO - Adopt for **Aja**.
