

Anja

ANJA (pronounced AnYa) is a beautiful, approx 3 yr young, extremely playful, Siberian Husky, spayed female, abt 56lbs, fully vaccinated and house trained. She ENJOYS dog parks and/or doggie day care and would make a GREAT running, hiking, jogging or biking partner. PLAYTIME (any exercise) is an important routine for this girl; she THRIVES on playtime ... especially a game of fetch ! And we know "A tired dog is a good dog !" **ANJA** is SMART with a strong Playful nature & Independent. She KNOWS how to sit and shake AND is learning the command "wait". **ANJA** LOVES car rides and walks pretty well on leash (esp for a husky) and... She LIKES kids but would do BEST w/adult only home. **ANJA** lives with other dogs but none that are tolerant of her consistent playful nature. **ANJA** is not super strong willed like most huskies; ironically, she'll complain but usually will give in...unless it's a TOY she's protecting, then it is BEST to trade a higher value treat in order to get the toy away.

Anja is energetic and vocal; she will let you know if she's happy, mad, or bored. She can be an escape artist if bored enough; so, a home with a large fenced yard (preferably 6ft) or a long runner is definitely required. Protecting her yard from squirrels or any small critter is important to her ;-)

This girl was saved from being euthanized at a county shelter in Dec 2023; she is now searching for a family that can provide her with the TLC , PLAY or EXERCISE she needs to be her best ! She is currently living in Kettering, OH area.
