This young female, found stray in Oct, is NOW spayed & fully vetted, her approx age is 16 months and 45lbs - and **READY for ADOPTION** ;-)

DIXIE is GOOD w/dogs, GOOD w/cats and GOOD w/children (recommend 8 yrs and older). She does well *supervised* with 3yr granddaughter of finder/foster. **DIXIE** is crate trained, house trained, walks OK on leash (pulls at times), great dog for active family, loves car rides. **DIXIE** is shy/cautious w/strangers initially so she needs patience and time to become comfortable and feel safe in new surroundings with new people.

FYI....."Rule of 3" definitely applies to **DIXIE** and; of course, any dog that comes into a new home and new family. "Rule of 3" means you will most likely see an increase of dog's comfort level and personality in 3days -3 weeks & 3 months.
