

Petey

NEEDS a FOSTER or Adopter

This handsome boy is all about human companionship and "nose work". Toys don't really excite or interest him, a bone he may or may not chew.....but meandering the yard, sniffing for new and existing scents can be a highlight of his day, OR relaxing wherever you are ORhe is always ready & willing to join you on a car ride OR a short walk (on a harness) with mostly "nose to the ground". Might need to rename him "Sweeper" LOL !!

PETey was with a "short term" 10 day foster for recovery from being neutered, and like all of our furry friends, he is fully vaccinated, free of fleas/ticks, and h/w negative. We can tell you PETey is crate trained and loves to "burrow" if you have a pile of blankets. He is house trained, and seems to prefer (feels safe and secure) with female dogs his size and older with a calm demeanor - that reflects his temperament. He may bark if surprised, or if other dogs are barking... but he is mostly a quiet very well behaved boy... AND not a fan of felines.

PETey is a smart boy and quite the extrovert.... Wants to meet everyone he sees and give them the biggest SMILE he has. When you are ready to RELAX, he will do the same by taking a nap or chewing on a bone. He does have his moments of excitement; a zoomie around the yard - sometimes daily. We estimate PETey to be about 3yrs young, boxer/terrier mix and nose-working bloodhound. 😊
